Dear Customer

I am delighted to announce the launch of the new Main Eco Compact Combi & System.

Exclusively for sale through independent merchants, this new range offers all the great features of the much loved Main Eco Elite but fits into a cupboard with the latest technology for Smart controls.

Designed in consultation with installers across the UK, they are made for your customers.

- 29.5kg installer lift weight
- Outputs to suit most property sizes
- Compact cupboard fit
- Compatible with Baxi uSense wired smart thermostat

These new boilers will be available to order from Monday 17th September 2018 and will be launched to the market on Monday 1st October 2018.

Main Eco Compact 25 Combi
Main Eco Compact 30 Combi
Main Eco Compact 15 System
Main Eco Compact 18 System

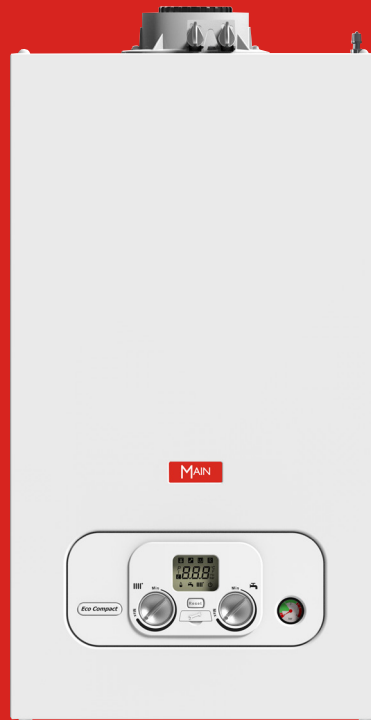

All the information about these new boilers, including features and benefits and volumetrics, is attached. Your Key Account Manager will be in contact shortly to discuss the details with you.

Yours faithfully

Paul Hardy
Managing Director
Baxi Residential Boilers

Features and benefits

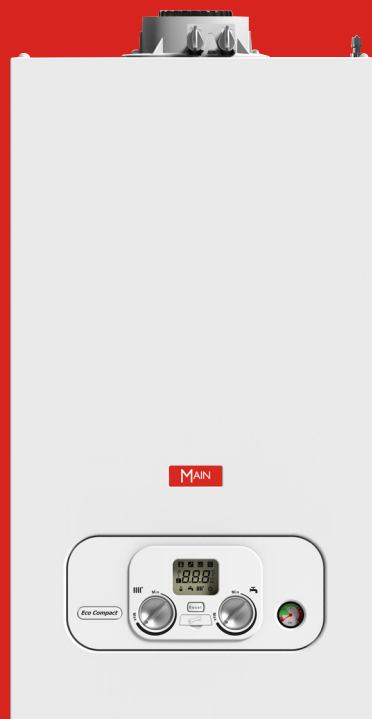

Eco Compact Combi

| Feature | Benefit |
|---|---|
| 5 Year Warranty* | For peace of mind |
| Outputs 25kW & 30kW | To suit most property sizes |
| Compact cupboard fit | Can be installed discreetly |
| Lightweight | 29.5kg lift weight |
| Front access to all components | Saves time when servicing, allowing for ease of maintenance and repair |
| Fully modulating and highly efficient | Boiler intelligently uses the right amount of fuel to meet the set central heating temperatures, saving money on fuel bills |
| Central top flue | For ease of replacement |
| Flueing options of up to 20m | Allowing greater flexibility of siting |
| Optional outdoor weather sensor available | Enhances system control and customer comfort |
| Ease of service | No special tools or replacement seals required for standard service |
| Vertical packaging | Allows for ease of access to all installation accessories from top of the packaging |
| Clean aesthetic finish | Boiler casing hides system connections for cleaner finish |
| Built in drip tray | Protection against water ingress in extreme weather conditions |
| Rigid filling link | For neater finish |
| Optional stand-off frame | Hidden pipework for neater installations |

*Subject to registration and an annual service. Terms and conditions apply. Visit baxi.co.uk/warranty
