# A warm welcome

The Ultraheat Premier Range offers stylish, effective heating at competitive prices, as well as sophisticated designs that set our products apart.

We aim to anticipate what consumers will be looking for, offer fresh alternatives to traditional styles, and respond proactively to changing trends in domestic heating and design.

We pride ourselves on our hard-earned reputation for high quality engineering and exacting quality standards. Our Mild Steel range comes with a warranty of 5 years; our Aluminium products have a 10-year warranty and our Fully Electric Ready towel rails come with a 12-month warranty.

Ultraheat offers the UK's largest 'in-stock' range of radiators and towel rails for immediate delivery. Our products combine beauty with effective, responsive heating.

Technical specifications are subject to change without prior notice. The colours shown in the imagery, while a good representation, may not be an exact match of the finished product.

# Ultraheat radiator colours

## OUR KEY COLOURS & FINISHES

Compliment the customer's colour schemes - and introduce the custom and alternative finishes which are now available on many radiators. A Custom RAL colour finish, for example, would allow your customer to match their radiator directly to their chosen colour palette, not to mention the textures, wood effects and stone inclusions all available across the Ultraheat range.

Alternatively, a metallic finish can coordinate with other properties in the space, such as light fixtures or picture frames.

Radiators available in RAL colours are given with the 'Available in RAL Colours' icon.

# ELECTRIC TOWEL RAILS

DELICATELY DESIGNED ELECTRIC TOWEL RAILS - YOUR QUICK AND EASY SOLUTION.

Does your space need heating but have no immediate access to an existing water-supply? Ultraheat is proud to present our delicately designed electric towel rails - your quick and easy solution. Our electric towel rails are provided pre-filled with a heat transfer liquid and fitted with a compatible heating element - all that's required from your space is a standard electrical outlet.

The ultraheat electric towel rail range is perfect for conservatories, listed buildings and flats, and can be fitted anywhere - from the kitchen to the bathroom.

At Ultraheat, we implement a 3 Bar Safety Method for all our Electric Towel Rails.

A 3BV - 3 Bar valve is provided with every product in this range. Installing this valve will eliminate the risk of the towel rail bursting due to high pressure when heated. The 3BV replaces the plug fitted on top of one of your towel rail's uprights. You should not remove this plug until the towel rail is fitted upright onto the wall, to avoid leakage. Fit the 3BV before heating your towel rail for the first time.

Upgrade a Fully Electric Ready Towel Rail with an analogue or digital heating element.

Do not book your plumber until goods have been delivered and checked.

## Date of delivery

For items in stock, a suitable delivery date should be arranged at time of order.

For out-of-stock items, an estimated delivery time will be advised at the time of order.

Please note that the estimated delivery date does not form part of the contract.

## Time of delivery

Standard service is any time between 8am and 5pm. Timed deliveries can be made but at an extra cost.

In some instances it may therefore be more convenient to have items delivered to a work address where someone is present to sign for them. In the unlikely event that goods do not arrive before 5pm (for standard service, or the relevant time for a timed delivery), please let us know the following or same day.

## Meeting the delivery

Someone will need to be at the delivery address on the day of delivery.

Outside packaging should be inspected before signing the delivery note\*.

If there is no-one available to sign for delivery, arrangements will be made to re-deliver at an additional cost to the customer.

\*If parcels are damaged or have been tampered with in any way they should not be signed for unless marked 'DAMAGED' or 'SHORT DELIVERED'.

No claim for damage in transit or shortage will be accepted if signed for 'RECEIVED IN GOOD CONDITION' or 'UNCHECKED' or 'NOT EXAMINED'.

Please note that, due to Health and Safety legislation, the driver is only allowed to deliver radiators to the nearest hard standing (pavement or driveway) and is not required to carry the radiators up any steps.

Where a radiator is over 25KG in weight, please ensure someone is available at the delivery address to assist the driver.

Within 24 hours of receiving radiators, please unwrap and thoroughly inspect goods. Any visible fault or imperfection (or missing parts) must be reported to Ultraheat or in the case this has been purchased from a reseller, please contact them directly

within one working day (24 hours) of receipt to enable us to send a replacement, otherwise goods shall be deemed to be acceptable.

A contents sheet will be enclosed in the box with the radiator to enable you to check that all parts are present.

In the unlikely event that your radiator is visibly faulty, please ensure that you retain all the original packaging. We cannot accept back any radiator on the grounds of visible damage or visible fault if it has been plumbed in.

## Pipe centres

If you require measurements, please call our sales office or refer to our website: [www.ultraheat.co.uk](http://www.ultraheat.co.uk)

(Pipe centre measurements and other measurements may have higher variance in Stainless Steel products as they are hand made, therefore you are advised to erect your pipes after you have received the radiator).

Pipe centre measurements are incorporating pair of valve distance of 45mm each to total of 90mm where applicable.

We recommend delivery and receipt of product before positioning pipework.

## BTU Heat Output

Heat Output (BTU/Watt) quoted is based on Delta T50 (Δ) and may vary depending on colour and finish of radiator.

Where multiple finishes are available, heat outputs are stated for Painted finishes; for Chrome finishes in these ranges, quoted heat outputs should be reduced by 20%. Please enquire for more details.

  - 2.2 No terms or conditions endorsed on, delivered with or contained in the Buyer's purchase order, confirmation of order, Specification or other document shall form part of the Contract simply as a result of such document being referred to in the Contract.
  - 2.3 These conditions apply to all the Seller's sales and any variation to these conditions and any representations about the Goods shall have no effect unless expressly agreed in writing and signed by a director of the Seller. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Seller which is not set out in the Contract.   - 2.4 Each order or acceptance of a quotation for Goods by the Buyer from the Seller shall be deemed to be an offer by the Buyer to buy Goods subject to these conditions.
  - 2.5 No order placed by the Buyer shall be deemed to be accepted by the Seller until a written acknowledgement of order is issued by the Seller or (if earlier) the Seller delivers the Goods to the Buyer.
  - 2.6 The Buyer shall ensure that the terms of its order and any applicable Specification are complete and accurate.

3. Description
  - 3.1 The quantity and description of the Goods shall be as set out in the Seller's quotation or acknowledgement of order.
  - 3.2 All samples, drawings, descriptive matter, Specifications and advertising issued by the Seller and any descriptions or illustrations contained in the Seller's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract and no sale is a sale by sample.
  - 3.3 To the extent that the Goods are to be measured in accordance with a Specification supplied by the Buyer, the Buyer shall indemnify the Seller against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential loss, loss of profit, loss of reputation and all interest, penalties and legal and other professional costs and expenses) suffered or incurred by the Seller in connection with any claim made against the Seller for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Seller's use of the Specification. This condition 3.3 shall survive termination of the Contract.
  - 3.4 The Seller reserves the right to amend the Specification if required by any applicable statutory or regulatory requirements. If such amendments will materially change the nature or quality of the Goods, the Seller shall notify the Buyer who may then terminate the Contract.
4. Delivery
  - 4.1 Unless otherwise agreed in writing by the Seller, delivery of the Goods shall take place at the Seller's place of business.
  - 4.2 Delivery is completed on the completion of loading of the Goods at the Delivery Point.
  - 4.3 The Buyer shall take delivery of the Goods within 10 days of the Seller giving notice that the Goods are ready for delivery.
  - 4.4 Any dates specified by the Seller for delivery of the Goods are intended to be an estimate (and not of the essence) and time for delivery shall not be made of the essence by notice. If no dates are so specified, delivery shall be within a reasonable time.
  - 4.5 Subject to the other provisions of these conditions, the Seller shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar loss), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Seller's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such expenses exceed 100% of the price of the Goods.
  - 4.6 If for any reason the Buyer fails to take or accept delivery of any of the Goods within 10 days of the Seller giving it notice that the Goods are ready for delivery, or the Seller is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations:
    - (a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by the Seller's negligence);
    - (b) the Goods shall be deemed to have been delivered at 9.00 am on the tenth day after the day on which the Seller notified the Buyer that the Goods were ready for delivery; and
    - (c) the Seller may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).
  - 4.7 If 10 days after the day on which the Seller notified the Buyer that the Goods were ready for delivery the Buyer has not taken or accepted delivery of them, the Seller may, as an alternative or in addition to its rights under condition 4.6(c), resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Buyer for any excess over the price of the Goods or charge the Buyer for any shortfall below the price of the Goods.
  - 4.8 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading the Goods. The Seller's delivery personnel shall not be required to:
    - (a) deliver Goods to any place at the Delivery Point beyond the ground level hard surface nearest to the carrier's vehicle; nor
    - (b) carry Goods up steps.
  - 4.9 The Seller may deliver the Goods by separate instalments. Each separate instalment shall be invoiced and paid for in accordance with the provisions of the Contract. Any delay in delivery or defect in an instalment shall not entitle the Buyer to cancel any other instalment.
  - 4.10 Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Buyer to terminate or cancel any other Contract or instalment.
  - 4.11 Unless the Buyer has ordered and paid for a special time delivery at a time and place agreed by the Seller, the time of delivery shall be at any time on the date of delivery between 8am and 5pm.
  - 4.12 The Buyer or its representative shall attend at the Delivery Point on the date and at the time of delivery and shall:
    - (a) forthwith inspect the outside of all packages before signing the delivery note on which note the inspector shall record all and any damage or short delivery; and
    - (b) within 24 hours of delivery,
      - (i) unpack and thoroughly inspect the Goods received; and
      - (ii) check the Goods received against the Goods ordered; and
      - (iii) report forthwith to the Seller any visible faults or imperfections and any missing Goods or parts thereof; and
      - (iv) retain the packaging and delivery documentation of any faulty or imperfect Goods for inspection by the Seller; and
      - (v) not install, adapt, sell or dispose of (nor permit any other person to install, adapt, sell or dispose of) any Goods which the Buyer and/or the person inspecting the delivered Goods has found to be faulty, imperfect or incomplete.
5. Non-delivery
  - 5.1 The quantity of any consignment of Goods as recorded by the Seller on despatch from the Seller's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.
  - 5.2 The Seller shall not be liable for any non-delivery of Goods (even if caused by the Seller's negligence) unless the Buyer gives written notice to the Seller of the non-delivery within 4 days of the date when the Goods would in the ordinary course of events have been received.
  - 5.3 Any liability of the Seller for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata Contract rate against any invoice raised for such Goods.
6. Risk/title
  - 6.1 The Goods are at the risk of the Buyer from the time of all deliveries.
  - 6.2 All Goods supplied by the Seller free of charge remain at all times the property of the Seller unless and until the Seller has agreed in writing to sell such Goods to the Buyer and has received payment in full in accordance with sub-condition 6.3 below. Samples supplied by the Seller free of charge may be used for display purposes only and shall be returned (at the Buyer's expense) to the Seller complete and in saleable condition within 3 months of delivery unless a longer period has been agreed in writing by the Seller.
  - 6.3 Ownership of the Goods shall not pass to the Buyer until the Seller has received in full (in cash or cleared funds) all sums due to it in respect of:
    - (a) the Goods; and
    - (b) all other sums which are or which become due to the Seller from the Buyer on any account.
  - 6.4 Until ownership of the Goods has passed to the Buyer, the Buyer shall:
    - (a) hold the Goods on a fiduciary basis as the Seller's bailee;
    - (b) store the Goods (at no cost to the Seller) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Seller's property;
    - (c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods;
    - (d) maintain the Goods in satisfactory condition and keep them insured on the Seller's behalf for their full price against all risks to the reasonable satisfaction of the Seller from the date of delivery. On request the Buyer shall produce the policy of insurance;
    - (e) notify the Seller immediately if it becomes subject to any of the events listed in condition 6.6; and
    - (f) give the Seller such information relating to the Goods as the Seller may require from time to time.
  - 6.5 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions:

- (a) any sale shall be effected in the ordinary course of the Buyer's business at full market value;
- (b) it does so as principal and not as the Seller's agent; and
- (c) ownership of the Goods shall pass from the Seller to the Buyer immediately before the time at which resale by the Buyer occurs.
- 6.6 The Buyer's right to possession of the Goods shall terminate immediately if:
  - (a) the Buyer has a bankruptcy order made against him or makes an arrangement or composition with his creditors, or otherwise takes the benefit of any statutory provision for the time being in force for the relief of insolvent debtors or (being a body corporate) convenes a meeting of creditors (whether formal or informal), or enters into liquidation (whether voluntary or compulsory) except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation, or has a receiver and/or manager, administrator or administrative receiver appointed if his undertaking or any part thereof, or documents or assets with the court for the appointment of a receiver or notice of intention to appoint an administrator is given by the Buyer or its directors or by a qualifying floating charge holder (as defined in paragraph 14 of Schedule B1 to the Insolvency Act 1986), or a resolution is passed or a petition presented to any court for the winding-up of the Buyer or for the granting of an administration order in respect of the Buyer; or any proceedings are commenced relating to the insolvency or possible insolvency of the Buyer; or
  - (b) the Buyer suffers or allows any execution, whether legal or equitable, to be levied on his/its property or obtained against him/it, or fails to observe or perform any of his/its obligations under the Contract or any other contract between the Seller and the Buyer, or is unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or the Buyer ceases to trade; or
  - (c) the Buyer encumbers or in any way charges any of the Goods.
- 6.7 If before ownership of the Goods passes to the Buyer the Buyer becomes subject to any of the events listed in condition 6.6, then, without limiting any other right or remedy the Seller may have:
  - (a) the Buyer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and
  - (b) the Seller may at any time:
    - (i) require the Buyer to deliver up all Goods in its possession that have not been resold, or irrevocably incorporated into another product; and
    - (ii) if the Buyer fails to do so promptly, enter any premises of the Buyer or of any third party where the Goods are stored in order to recover them.
- 6.8 The Seller shall be entitled to recover payment for the Goods notwithstanding that ownership of any of the Goods has not passed from the Seller.
- 6.9 The Buyer grants the Seller, its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.
- 6.10 To the extent the Seller is unable to determine whether any Goods are the goods in respect of which the Buyer's right to possession has terminated, the Buyer shall be deemed to have sold all goods of the kind sold by the Seller to the Buyer in the order in which they were invoiced to the Buyer.
- 6.11 On termination of the Contract, however caused, the Seller's (but not the Buyer's) rights contained in this condition shall remain in effect.
7. Price
  - 7.1 Unless otherwise agreed by the Seller in writing, the price for the Goods shall be the price set out in the Seller's price list published on the date of delivery or deemed delivery.
  - 7.2 The price for the Goods shall be:
    - (a) exclusive of any value added tax (VAT), which the Buyer shall additionally be liable to pay to the Seller at the prevailing rate, subject to the receipt of a valid VAT invoice; and
    - (b) exclusive of all costs or charges in relation to packaging, loading, unloading, carriage and insurance, all of which amounts the Buyer shall pay in addition when it is due to pay for the Goods provided that in respect of Goods delivered within Great Britain the price of Goods shall include:
      - (i) packaging, loading, unloading, and an element of insurance cover (for details of which cover please contact the Seller); and
      - (ii) (for each order that is confirmed by the Buyer to exceed its minimum order quantity in respect of that product type and delivery destination) the cost of carriage.
  - 7.3 The Seller may, by giving notice to the Buyer at any time before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:
    - (a) any request by the Buyer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or
    - (b) any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate or accurate information or instructions.
8. Payment
  - 8.1 Unless otherwise agreed, the Buyer shall pay in full the price in the Goods in pounds sterling (GBP) or other currency as indicated on the invoice or proforma at the time of placing its order with the Seller. Any payment deferred, credit, return or prompt payment discount terms granted to the Buyer by the Seller may be changed or cancelled at any time.
  - 8.2 Subject to condition 8.4, payment of the full balance of the price for the Goods is due in pounds sterling on the due date as stated on the invoice.
  - 8.3 Time for payment shall be of the essence.
  - 8.4 No payment shall be deemed to have been received until the Seller has received cleared funds.
  - 8.5 All payments payable under the Contract shall become due immediately on its termination, however caused, despite any other provision.
  - 8.6 The Buyer shall make all payments due under the Contract in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Buyer has a valid court order requiring an amount equal to such deduction to be paid by the Seller to the Buyer. The Seller may at any time, without limiting any other rights or remedies it may have, set-off any amount owing to it by the Buyer against any amount payable by the Seller to the Buyer.
  - 8.7 If the Buyer fails to pay the Seller any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to the Seller on such sum from the date of payment at the annual rate of 4% above the base lending rate from time to time of Barclays Bank, accounting on a daily basis until payment is made, whether before or after any judgment. The Buyer shall pay the interest together with the overdue amount. The Seller reserves the right to elect to claim interest and late payment compensation under the Late Payment of Commercial Debts (Interest) Act 1998.
  - 8.8 Should the Buyer be required to enforce the terms of the Contract against the Buyer (including, without limitation, to recover the price of the Goods) then the Buyer will indemnify the Seller against all costs and expenses (including professional and legal costs and expenses on a full indemnity basis) suffered or incurred by the Seller arising out of or in connection with the Seller enforcing the terms of the Contract.
9. Quality
  - 9.1 Where the Seller is not the manufacturer of the Goods, the Seller shall endeavour to transfer to the Buyer the benefit of any warranty or guarantee given to the Seller.

  - 11.2 The Buyer shall not be entitled to assign, transfer, mortgage, charge, sub-contract, declare a trust over or otherwise deal in any manner with any or all of its rights or obligations under the Contract or any part of it without the prior written consent of the Seller.
12. Termination
  - 12.1 Without limiting its other rights or remedies, the Seller may terminate the Contract with immediate effect by giving written notice to the Buyer if:
    - (a) the Buyer commits a material breach of any term of the Contract and (if such breach is remediable) fails to remedy that breach within 14 days of the Buyer being notified in writing to do so;

  - 12.3 Termination of the Contract shall not affect any of the parties' rights and remedies that have accrued as at termination, including the right to claim damages in respect of any breach of this Contract that existed at or before the date of termination.
