To order from our wide range of samples, please visit:

[www.veldeau.co.uk/samples](http://www.veldeau.co.uk/samples)

Please note: Certain images within this brochure are computer generated and may not represent the true colour of a product. We strongly advise you take advantage of our sample service before ordering your furniture, so you're guaranteed full product satisfaction.

### FINDING YOUR LOCAL RETAILER

It's all about planning...

**Step 1.** Measure the area of your bathroom you want the furniture fitted into.

**Step 2.** Choose your range/style of furniture:

**Fitted Furniture:** Maximises storage by enabling you to fit furniture wall to wall and hiding unsightly pipework to give a clear uncluttered area.

**Modular & Vanity Furniture:** Individual items of furniture that can be used on their own or combined with other matching units to create a suit of furniture.

**Step 3.** Go and view the wide range of choices at your nearest Veldeau retailer: [www.veldeau.co.uk/findaretailer](http://www.veldeau.co.uk/findaretailer)

**Step 4.** Purchase, arrange installation and enjoy your beautiful new bathroom.

Don't settle for anything less with all the choice in the Veldeau range we are confident we have you covered.

# About Veldeau

---

## Who are we?

Veldeau bathroom furniture is a UK industry-leading brand of furniture from Woodstock Trading Company, a family-run business which has been established over 20 years. The company promotes forward-thinking design, functionality and style, and strongly believes that these elements should always be included in every product it offers and is proud of the high level of quality and care that goes into the development of each range.

Each of our collections includes a variety of contemporary and more traditional and timeless designs of bathroom furniture, which is complemented with WC's, basins, taps, mirrors and lighting in a wide variety of styles, materials and finishes.

Our highly skilled in-house research and development team works tirelessly to keep abreast of trends and maintain Veldeau at the forefront of the industry. Everything from our carefully selected materials to the choice of colours offered, is chosen to reflect the current demands and styles of our customers.

## Our Ethical and Environmental Responsibility

Here at Veldeau, we take our environmental responsibility extremely seriously and are always looking at ways to improve our operations to make the company even more environmentally friendly.

Our environmental policies ensure that we are always seeking to minimise our environmental impact as much as possible.

As part of our effort towards a more sustainable future, all packaging is sourced through FSC (Forestry Stewardship Council) accredited mills, whilst each brochure is manufactured from sustainable and audited sources. In addition, all of the timber used within our products is from FSC accredited suppliers and we're working towards a 100% recyclable packaging strategy.

We invest heavily in sourcing the most modern and eco-friendly vehicles for our delivery fleet to ensure we are operating on a minimal carbon footprint.

## VELDEAU NOTES

It is important when ordering and booking installations that sufficient time is allowed between product delivery date and installation date for the checking of goods and, if required, the re-delivery of any rejected or damaged items.

Over 90% of the products shown in this brochure are held in stock and are dispatched within 48 hours of ordering, (up to 72 hours for parts of Scotland and more remote parts of the UK). Please check expected delivery dates at the time of ordering for any time-critical items.

Printed colours and woodgrains are subject to print and screen variations and are for illustration purposes only. Please call our sales office on 01432 367 367 to request a sample for exact colour matching prior to ordering.

Prices in this catalogue include VAT at 20%.

## PRODUCT NOTES & SPECIFICATIONS

Please note that some of the images within the brochure are CAD generated and may not reflect the detail of product exactly. We strongly recommend that any questions relating to detail of any of our products are asked prior to ordering.

All carcasses are made from 18mm furniture grade MFC and supplied ready assembled. They come complete with hinges, wall hanging brackets and other necessary fittings. Door and fascia panels are packed separately for fitting once the carcasses are installed to help avoid damage. Doors are pre-drilled for hinges. Unit dimensions given are overall including fascias

All plinths, fitter or decor panels and handles must be ordered separately.

All Veldeau bathroom furniture fascia panels have a furniture grade MDF core. Any exposure of the MDF core through cutting must be sealed with a proprietary sealant such as PVA or silicone to maintain the warranty.

Slimline basin units in bathrooms will require reduced-depth semi recessed basins. Veldeau units are designed at a height to allow good access underneath the carcasses to run any pipework required.

Due to space restrictions on slimline units, the rear legs should be removed to run a soil pipe through, and rigidity is maintained by the front legs and wall fixing.

All our concealed WC cisterns are suitable for front access servicing. If other manufacturer's concealed cisterns are used,

service accessibility should be checked.

All Veldeau cast basins are made from a mineral powder/ polyester resin. The surface is protected by gelcoat which is at least 0.5mm in thickness. Clean and care for your top with a normal liquid detergent (do not use detergents containing abrasives) and buff with a good quality polish to keep your cast top in tip-top condition.

Postformed Laminate Worktops have a 22mm chipboard core and are supplied with a length of matching edging for re-sealing when cut.

Both side and end panels are supplied in 2 parts to give height adjustment so they can be suited to any standard bath.

## TAKING CARE OF YOUR VELDEAU PRODUCTS

By following some simple care and cleaning guidelines, Veldeau products can be expected to give many years of enjoyable and trouble-free service.

Veldeau Bathrooms are designed to be used within domestic environments. As with all timber based products, adequate ventilation is key, and your bathroom furniture will be adversely affected if subject to excessive moisture on the surface or in the atmosphere. It is strongly recommended that a suitable bathroom extractor fan is installed to prevent condensation building up and to prevent damage to the furniture.

Veldeau Bathrooms timber based fitted furniture must never be installed in a wet-room situation.

It is most important that any cut or exposed panel edge, and

any floor or wall abutment with furniture or sanitaryware must be sealed with a waterproof sealant such as silicone to avoid the possibility of water ingress and damage.

All water spills and sprays must be wiped clean and mopped dry immediately to prevent water marks or other damage.

Never use chemical or abrasive cleaners, bleach or furniture polishes on any bathroom furniture as the finish can be affected. Clean only with a soft damp cloth and a mild soap solution as necessary.

CERAMIC SANITARYWARE - Clean with a damp cloth and warm soapy water. Rinse with clean water and polish with a soft cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

BRASSWARE - Clean with a damp cloth, rinse clean and polish with a dry cloth. Avoid using cleaners that contain abrasive solvents, acid or ammonia.

DIMENSIONAL TOLERANCE - Due to the nature of materials and production processes, dimensions may vary within a tolerance of  $\pm 2$ mm on furniture,  $\pm 3$ mm on cast basins and  $\pm 5$ mm on ceramic.

COLOUR REPRODUCTION - Colour reproduction is as accurate as possible within the limitations of the printing process. A free sample service is provided if you are unsure about the finish on your selected product. Please call sales on 01432 367 367 to order. Also note that colours will vary under artificial light.

## RETURNS POLICY

Any damaged or unwanted items must be reported within 7 days and made available for collection within 28 days. Any items ordered and delivered in good faith but no longer required will be subject to a 25% handling and re-stocking charge.

Non-required items can only be accepted for return if:

- They are returned in original packaging.
- They have not been fitted in any way (this would include legs fitted onto carcasses).
- They are in re-saleable condition.

Picking or Delivery Errors & Manufacturing Defects must also be reported within 7 days and made available for collection within 28 days.

Credit will be given once the goods are received back, inspected and signed off.

Any good under this policy should be returned to the retailer that they were purchased from.

Credit Approval or Refusal:

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned, and a written reason given and sent by email. Goods will then be held for 7 days before disposal. Any query regarding the refusal must be logged during this 7-day period.
