IT ALL STARTED WITH ORANGES

The first Mercedes shipped to the east was traded by T.Gargour & Fils. It was worth its weight in Jaffa oranges; 5000 cases of them were exchanged for the Mercedes. T.Gargour & Fils is still run today by the Gargour family alongside Lecico.

Atlas Trade is one of the UKs most trusted and respected brands of bathroom products. Our product solutions are functional, reliable and offer great value for money.

Lecico Bathrooms is one of the world's largest manufacturers of sanitaryware, number two supplier into the UK market, and export to over 50 countries worldwide.

Lecico Bathrooms manufacture a range of internationally certified sanitaryware products sold both under Atlas Trade, Atlas Pro and Design Series brands. All Lecico Products are UKCA, WRAS and LANTAC approved where appropriate and are listed on the UK water label scheme.

Lecico Bathrooms is only one of a limited number of sanitaryware manufacturers with products listed on the NBS platform.
