

Methven - we make water amazing.

We believe that how a shower performs is just as important as how it looks. That's why we blend ingenious innovation with beautiful human design.

THG / ECO

A pioneer in bathroom plumbing, we are renowned globally for breakthrough shower and tap design, product development, distinctive aesthetics with a focus on performance without compromise. Our dedication to water conservation and quality products has been recognised with a host of global awards for design and innovation.

Deva has been supplying showers and taps to the UK market for over 30 years and offers a wide range of products at the right price.

This brochure includes all the vital information you need when specifying our products and the easy to use new-look icons allow you to quickly identify each products benefits. For more information visit our websites or contact us direct.

A commitment to nature

As a company born in the South Island of New Zealand, nature has always provided our inspiration. Though we never take it for granted, especially when it comes to water.

Pure, fresh water is a necessity of life yet increasingly scarce. That's why at Methven we make taking care of water a primary focus in every product we develop.

A shower typically accounts for around 30% of household water use. So, our innovative shower technologies have been designed to deliver a luxurious experience whist preserving water.

When you're as passionate about water as we are, making the most of it comes as second nature.

Making magic with water since

1886

Our love of water began the day George Methven began producing brass and iron hardware in New Zealand, back in 1886. Ever since, we've been captivated by its power to transform: to change our moods, lift our spirits, to make us feel refreshed and renewed.

It's a passion that has inspired generations of Methven engineers and designers in a quest to create the ultimate experience of water.

Today, we offer a range of exceptional water experiences that all share one vision. The ability to create a treat for the senses.

This is what sets Methven apart. Because when you experience Methven, you truly experience water.

Conventional Needle Jet

METHVEN Airstream

Experience vitality with Airstream™

A conventional needle jet spray was originally designed to allow water to flow as freely as possible and deliver the maximum amount of water.

At Methven we believe in optimising water performance creating the best showering experience but, while using less water thereby reducing our environmental impact.

A refreshing combination of air and water that delivers a rain like feel to your shower.

Fully integrated into the base of the handset, Airstream technology allows air to be drawn in and mixed with water at high pressure.

Each air infused droplet then emerges from the shower head as a larger, softer, rain like drop.

METHVEN Satinjet[®]

Experience the sensation that is Satinjet®

A sensation for both mind and body.

Satinjet uses unique twin-jet technology to create optimum water droplet size and pressure.

Delivering 300,000 of these droplets per second*, Satinjet creates a truly immersive, full body shower experience. Available at 8 litres per minute or low flow at 5.5 litres per minute.

*Spray Analysis and Research Services -Test #2010T89+1 Kiri Satinjet at 250kPa

METHVEN Aurajet[™]

Experience the unforgettable feeling of Aurajet®

It looks and feels out of this world.

Hidden nozzles generate individual jets of water that collide against precisely angled surfaces within Aurajet's open, seemingly floating, shower head.

The result is a stunning fan of luxuriously dense droplets, delivering 20% more spray force than a conventional shower, and twice the amount of water contact with your skin*. Its enveloping warmth and heavenly feeling has to be felt to be believed. Available at 8 litres per minute or low flow at 5.7 litres per minute.

*Compared to a conventional Methven shower at 8L per minute

*Compared to a conventional metriven snower at 8L per minute

Methven UK is proud to be a Carbon Neutral Company

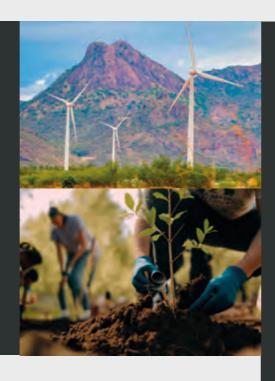

Waste management & recycling

As part of our commitment to offsetting the carbon output of our operations in order to become carbon neutral, we have achieved THG Eco Carbon Neutral status for the third year running. The process of achieving this involved analysing and accurately quantifying direct carbon output from our operations, as well as indirect emissions associated with the purchase of energy.

In line with requirements of the certification, we have offset our Scope 1 and Scope 2 emissions working with THG Eco to support the installation of wind turbines in India, while 101 trees have been planted in Methven's name through the THG 'more:trees' programme.

We are always looking at building a greater understanding of the environmental impact of our work in order to address and reduce it and working with THG Eco gave us a credible and easy to understand insight into the carbon emissions produced by our operations, while also allowing us to offset this through supporting their network of projects.

THG Eco works with various organisations across multiple industries, to advise and support on ways to offset and reduce Greenhouse Gas Emissions (GHG) and carbon output across Scopes 1, 2 and 3, with the aim to become Net Zero in line with the 2050 guidelines, determined by the UK Government under the Paris Agreement.

Other Initiatives

Hybrid Fleet

We have started transitioning our motor fleet to hybrid vehicles reducing our CO emissions.

Energy Monitoring

We monitor our energy usage on a monthly basis at our two sites - the Distribution Hub and Experience Centre and identify opportunities for improvement.

Sustainable Partnerships

We have partnered with the HUT Group to support us in acheiving our Carbon Neutral status.

For the last two years we have been a zero-to-landfill company. We work closely with specialist waste management partners to ensure that all of our waste is recycled or reused.

Recycling

We produce around 242 tonnes of waste each year and we have several initiatives to reduce, reuse and recycle our waste where possible.

In 2024

Cardboard Waste

17.5 tonnes of cardboard waste were recycled from our warehouse operations.

Transit Packaging

80% of our transit packaging was made from recycled materials.

Packaging

All product packaging was fully recyclable and 70-80% made from recycled materials.

Pallet Management

Broken or damaged pallets were identified and recycled by our waste management partner.

Fully recyclable pallet wrap used - pre-streched as well as being lighter and thinner means it uses 50% less plastic than standard wrap.

E-Waste

All redundant and outdated e-waste was securely recycled by one of our sustainable partners.

We sent no waste to landfill in 2024.

Water Saving Flow Regulators

Help save the environment and save money on water bills at the same time with our range of flow regulators which are quick and simple to install.

Showers

Seal Flow Regulator

Regulator sits inside the hose connection

Code	Description	Ex.VAT	Inc.VAT
HSR 2	Flow regulator for shower hose – 2 L/min	£4.07	£4.88
HSR 3	Flow regulator for shower hose – 3 L/min	£4.07	£4.88
HSR 4	Flow regulator for shower hose – 4 L/min	£4.07	£4.88
HSR 6	Flow regulator for shower hose – 6 L/min	£4.07	£4.88
HSR 8	Flow regulator for shower hose – 8 L/min	£4.07	£4.88
HSR 9	Flow regulator for shower hose – 9 L/min	£4.07	£4.88

Regulator sits in the base of the handset

Code	Description	Ex.VAT	Inc.VAT
FRAV 9	Flow regulator to fit a shower head - 9 L/min	£4.07	£4.88
FRHS-8	Flow regulator for shower handset – 8 L/min	£3.82	£4.58

For Basin And Sink Mixers

Regulator fits in the tails

Code	Description	Ex.VAT	Inc.VAT
FR101-3	Flow Regulator for Pillar Taps - 3 L/min (pair)	£6.52	£7.82
FR101-4	Flow Regulator for Pillar Taps - 4 L/min (pair)	£6.52	£7.82
FR101-6	Flow Regulator for Pillar Taps - 6 L/min (pair)	£6.52	£7.82

Regulator replaces standard anti-splash (M24 connection)

Code	Description	Ex.VAT	Inc.VAT
FR113-4	Flow Regulator for Basin and Sink Mixers - 4 L/min	£6.52	£7.82
FR1135	Flow Regulator for Basin and Sink Mixers - 5 L/min	£6.52	£7.82
FR113-6	Flow Regulator for Basin and Sink Mixers - 6 L/min	£6.52	£7.82

Flow Regulator

Connects to mixer, includes non-return valve and flow regulation, to prevent backflow

Code	Description	Ex.VAT	Inc.VAT
FR106-12	Flow Regulator for Bath Shower Mixers above 1.0 Bar	£10.59	£12.71
FR106-7	Flow Regulator for Bath Shower Mixers above 1.0 Bar	£10.59	£12.71

Our product saving after normalisation = 45.9 litres

Annual Savings:

- Cut carbon by 800kg
- Reduce household bills by £500+
- Lower water consumption by up to 91,000 litres

Based on the national average for occupancy (2020 census data ONS) – household of 2.4 using a 5.5lpm shower (Kiri MK2 LF)

Average costs May 2024:

· Gas - £0.06 per kWh Energy Savings Trust

• Water – £3.70 per m3 taken from an average by the 10 biggest providers

Average shower time: 11 minutes BMA Research, Behind the Bathroom Door, November 2023

Water Savings Calculator

Save hundreds of pounds per year by switching to a Methven shower

Here at Methven, we believe in making the smart choice when it comes to water-saving products. Our online calculator shows how switching from a conventional needle jet shower to one of our showering technologies will help you to save money.

By simply switching to an Aurajet® Aio or Satinjet® shower head you could save up to 46%* of water and energy used in your shower.

Scan to see how much you can save

Saving scenarios	Shower time (mins)	Showers per week	Users	Est max water saving* (Ltrs)	Est max energy saving** (kwh)
Active Single	10	10	1	33,210	1,359
Retired Couple	5	7	2	23,184	951
Young Family	12.5	7	4	115,920	4,757

*compared to a 15 ltr/min shower head used for 48 weeks/year. **assumes 60% of water used is heated by a gas combination boiler @ 85% efficiency increasing inlet temperature from 10°C to 60°C to achieve a 40°C outlet temperature. ***based on average household of 2.4 people, reducing flow rate from 15 to 8 LPM, shower time = 6m 36s, 11 months/year, Jan'25 energy prices

The Shower & Tap Brand.

Deva provide a wide range of products for both domestic and commercial applications.

HAVE CONFIDENCE IN US

As one of the largest suppliers of showers and taps to the UK market and with over 30 years heritage, Deva has developed a reputation for providing excellent levels of service and customer care, bringing products to the market of the highest quality at the right price. From concept through to manufacture, we are backed by a testing programme unrivalled in our industry.

Deva deliver the latest styles of bathroom and kitchen taps, showers and shower accessories, next day – nationwide. We pride ourselves on our service first policy. Not only do we deliver 98% of orders next day in full, we also aim to provide the highest standards of customer service. Our in-house customer service technicians are fully trained to provide personal, friendly and in-depth support as well as our field based Area Sales Managers.

Deva became part of the Methven Group in 2007 and operates from Methven UK headquarters in Lancashire. Methven as a group, are innovative, design focussed and conscious to produce product ranges which meet both consumer need, legislation and regulatory requirements whilst minimising our impact to the environment.

Deva By Methven Brand Warranty (Subject To The Terms And Conditions)		
Product	Parts	Labour
Chrome Tapware**	12 Years	2 Years
Shower Valves	5 Years	2 Years
Shower Accessories & Wastes	1 Year	
Electrical products (Including Sensor Taps)	2 Years	2 Years

Confidence In Methven / Accreditations

ISO 9001 CERTIFIED

We believe that quality of service, before and after sale, is of the utmost importance. It's for this reason that we constantly strive to improve both our service to you and our product offering by listening to your comments and suggestions. By doing this it has helped us achieve and retain the renowned ISO9001 since 1995 – proving to you that we are a quality assured company.

ISO 14001 CERTIFIED

We believe in looking after the environment by actively seeking to reduce energy consumption, while improving energy efficiency and using renewable or recyclable materials wherever we can. Besides developing our own ideas, whether they are new innovations in design or environmental issues, we also work closely with trade bodies to further ensure you're getting the best products and service possible. In recognition of our focus on the environment, we have achieved ISO 14001 accreditation; demonstrating our commitment towards environmental issues and our pledge to reducing the impact our business has on the environment.

KUKREG4

The Kiwa UK Regulation 4 Product Approval Scheme (KUKreg4) is a robust method for demonstrating compliance with the Water Supply (Water Fittings) Regulations 1999. The regulations set legal requirements for the design, installation, operation and maintenance of water fittings, systems and appliances, specifically in order to prevent the contamination of drinking water as well as preventing misuse, waste, undue consumption and erroneous measurement.

BATHROOM MANUFACTURERS ASSOCIATION (BMA)

Methven UK are members of the Bathroom
Manufacturers Association. They ensure the industry
has a recognised voice with UK government, industry
regulators and European standards bodies. The BMA
provide an authoritative voice for the industry on all
matters affecting manufacturing and supply.

WRAS WATER REGULATIONS ADVISORY SCHEME

The Water Regulations Advisory Scheme (WRAS) represents more than twenty water companies and:

- · Coordinates consistent advice
- · Promotes the water regulations
- · Offers advice to industry and consumers
- · Maintains directory of approved products

Products are tested against various requirements, grouped by:

- Mechanical tests (against TCS')
- · Material / hygienic tests (against BS 6920)

Methven are strong supporters of WRAS approved products and offer a comprehensive portfolio of both Deva and Methven products which adhere to, and are approved to the stringent standards.

TMV APPROVAL

Thermostatic products are an integral part of the Methven and Deva by Methven ranges. For complete peace of mind they maintain a safe water temperature for users and will cut off if the cold water supply fails.

We use third party thermostatic valve accreditation partners to independently test the suitability of product against current legislation. Approval at TMV2 standard means the product complies with BS EN 1111/1287 and indicates suitability for use in the domestic home whilst approval at TMV3 meets

NHS D 08 and indicates suitability for commercial installations such as care homes and hospitals.

Methven are proud to offer products in our portfolio which adhere to these standards having undergone the initial rigorous testing procedure and on-going audit requirements. We advocate continuous in-service testing at regular intervals to ensure there has been no temperature change ensuring maximum safety standards.

TMV approved products are highlighted with the relevant icon and correct at the time of going to print.

Confidence In Us

The confidence we have in our products mean we are delighted to offer a comprehensive set of warranties for all of our products in our Methven and Deva brands.

All details are laid out below, for the latest warranty information see www.methven.com and www.deva-uk.com or call us on 0800 195 1602.

Methven will not be required to repair or replace products under this warranty where: • the system the products are fitted to contains debris • the product has been damaged by misuse, accident, or neglect • harsh detergents or abrasive cleaners have been used on the product • the product has been tampered with or repaired in any way other than in accordance with this warranty • the product has discolouration, corrosion or rusting from 'hard' water and/or other environmental factors

Water Hardness & Warranty

What is hard water?

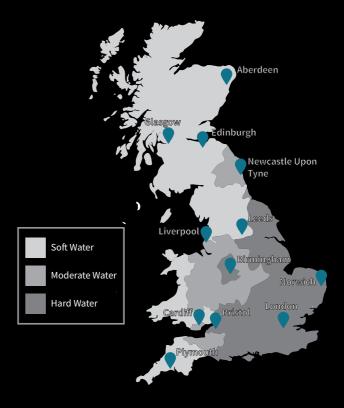

The simple definition of water hardness is the amount of dissolved calcium and magnesium in the water. Hard water is high in dissolved minerals, largely calcium and magnesium.

Hard water and warranty

Hard water is a factor beyond our control. If limescale accumulates it can impact the functionality and finish of your taps and showers and affect the warranty conditions.

Here's a few simple steps to take to avoid damage to your products:

- · Clean your taps regularly with warm water and a soft cloth to prevent stains.
- · Never use harsh abrasive cleaners as these can damage the products finish.
- In particularly hard water areas consider the installation of a water softener to counteract the effects of limescale.

This map is a guide to water hardness by region, for absolute confirmation of the water hardness in your area please contact your local water authority.

TERMS AND CONDITIONS OF SALE

TERMS AND CONDITIONS OF SALE

Definitions

In these standard terms and conditions:

the following words and expressions will have the following meanings unless "Applicable Law" means any: (a) statute, statutory instrument, bye law, order,

the Price payable for the ordered Goods once the Order has been accepted by Methven. At the end of the period of fixed term pricing, the Price for the Goods will he the Price set out in Methyen's price list in force at the date of dispatch of the s from Methven to the Customer

5.1 The Goods will be delivered to the Delivery Point. Where the Delivery Point is a location other than Methyen's place of business, the Customer shall be solely onsible for (i) providing Methyon with a correct address for delivery suitable ss having regard to the size and nature of the delivery and (ii) no less than 5 Business Days prior to Methyen's proposed delivery date, notifying Methyen in 3 business bays into it weathers in probased aleney date, inclining weather in writing of any changes to the delivery address and the Customer's contact details 5.2. Any dates quoted for delivery are approximate only. Meth within the time agreed when the Customer places an Order and if no time is agreed, then within a reasonable time, but the time of delivery will not be of the essence. If, despite those endeavours, Methven is unable for any reason to fulfil any delivery or performance on the specified date. Methyen will not be in breach of the relevant Contract, nor (for the avoidance of doubt), subject to Condition 9.5, will Methven have any liability to the Customer for direct, indirect or consequential loss (all three of which terms include pure economic loss, loss of profits, loss of husiness depletion of goodwill and like loss) howsoever caused (including as a result of negligence) by any delay or failure in delivery. Any delay in delivery will no entitle the Customer to cancel the Order unless and until the Customer has given 5 Business Days' written notice to Methyen requiring the delivery to be made and Methven has not fulfilled the delivery within that period. If the Customer cancels the order in accordance with this Condition 5.2 then: 5.21 Methyon will refund to the Customer any sums which the Customer has naid

to Methven in respect of that Order or part of the Order which has been cancer

5.2.2 The Customer will be under no liability to make any further nayments der Condition 4.3 in respect of that Order or part of the Order which has been

shall have no liability to the Customer for any delay in delivery of the Goods or fail ure to deliver the Goods which arises out of or in connection with the Customer's failure to provide Methyen with adequate delivery instructions or other information

reasonably required to enable Methven to comply with Condition 5.2.

5.4 Methven shall be entitled to defer or withhold delivery of the Goods until all monies due from the Customer under the Contract or any other contract between

Methyen and the Customer have been received by Methyen.

5.5 Where the Delivery Point is Methyen's place of business, (i) the Customer will take delivery of the Goods within five Business Days of Methyen giving it notice that the Goods are ready for delivery: (ii) delivery of the Goods will be made during Methyen's usual business hours; and (iii) delivery shall be deemed to occur upon the taking of possession of the Goods by the Customer. Where the Delivery Point is not Methyen's place of business, delivery of the Goods will be accepted at any time of day and delivery shall be deemed to occur upon commencement of unloading

the Goods from the delivery vehicle.

5.6 The Customer will be responsible for loading or off-loading (as applicable) the Goods at the Delivery Point and, where the Delivery Point is not Methyen's place of business, the Customer will provide at its risk and expense adequate and ropriate equipment and manual labour for such loading or off-loading.

entitled to invoice the Price for each instalment separately in accordance with Condition 4.6.

of any one Contract relating to an instalment will be the Customer to repudiate or cancel any other Contract or instalment.

5.9. In the case of goods to be sent by sea. Methyen shall be under no obligation to give the Customer any notice for the purposes of Section 32(3) of the Sale of

4.5 Payment for Goods by credit or debit card will incur at the time of payment a 6.1 The risk of damage to or loss of the Goods shall pass to the Customer on

succlaining of 2.80 inter-free or the Goods, or such content are as inclined in writing to the Customer by Methwen from time to time.

4.6 Methwen will be entitled to invoice the Customer for the Prices for the Goods and in any event within seven days from and including the date of delivery, give 6.2 The Customer will inspect the Goods on delivery and will, as soon as possible

> respect of any Goods, the Customer will be deemed to have accepted such Goods on expiry of the seven day period from and including the date of delivery.
>
> 6.3.1 Legal and beneficial ownership of the Goods shall not pass to the Customer until Methyen has received navment in full in cleared funds for: respect of the Goods; or

6.3.3 any other goods or services that Methyen has supplied to the Custome

6.4 Until title to the Goods has passed to the Customer, the Customer shall 6.4.1 hold the Goods on a fiduciary basis as Methyen's ballee;

6.4.2 store the Goods (at no cost to Methyen) separately from all other goods held by the Customer so that they remain identifiable as Methyen's property 6.4.3 not destroy, remove, deface or obscure any identifying mark or packaging on or relating to the Goods; and

6.4.4 maintain the Goods in satisfactory condition and keen them insured against

husiness. Any sale of Goods by the Customer nursuant to this Condition 6.4 will be a sale of the Customer's property on the Customer's own behalf and the Customer's will deal as principal when making such a sale.

6.5.2 on Methyen giving the Customer written notice that it has any reasonable concerns regarding the financial standing of the Customer; 6.5.3 if the Customer fails to pay any sum due to Methven under the Contract or any

other contract between Methyen and the Customer on or before the due date: or 22 some some was explained present produced in the contract, including these Conditions will be effective unless it is in writing and signed. 441 In the event that Methere acquises to apply discounted Prices to the 53 4th the cent that Mether and prices to apply discounted Prices to the 450 and prices are an any prices and price

> and resale has terminated, to recover them 6.7 If the Customer's right to possession, use and resale of the Goods terminates in accordance with Condition 6.5. Methyen will be entitled to issue the Custome with a credit note for all or any part of the price of the Goods together with value

6.8 In the event that Methven has failed to deliver the Goods by the date on which the Customer received an invoice in respect of the Goods, the Customi must within seven days from and including the date on which the invoice was re eived by the Customer inform Methven that such Goods have not been delivered.

7.1 If the Customer

711 fails to make any nayment when it becomes due

7.1.2 becomes Insolvent;
7.1.3 commits a material breach of the Contract which cannot be remedied; or 71.4 commits a material breach of the Contract which can be remedied but fails to 10.2.2 remedy that breach within 30 days of a written notice setting out the breach and requiring it to be remedied being given by Methven,

without prejudice to any other rights that Methyen may have under the Contract or otherwise, Methven may (at its discretion) defer or cancel any further deliveries and/or terminate the Contract immediately by giving written notice to that effect

72 A material breach can be remodied if the Customer can comply with the evant obligation in all respects other than as to time of performance unless time of performance of such obligation is of the essence.

7.3 Following expiry or termination of the Contract:
7.3.1 Methven will be entitled to invoice all Prices and any insurance, carriage and ery costs incurred which have not yet been invoiced; and

other Conditions which expressly or impliedly continue to have effect after expiry or or credit in respect of) non-faulty Goods more than 90 days following the delivery

termination of the Contract; and 7.3.4 all other rights and obligations will immediately cease without prejudice to any rights, obligations, claims (including claims for damages for breach) and liabilities which have accrued prior to the date of expiry or termination.

Methven will be entitled to suspend any deliveries otherwise due to occur.

following service of a notice specifying a breach under Condition 7.1.4, until either the breach is remedied (if applicable) or the Contract terminates, whichever occurs

7.5 Subject to Condition 5.2, cancellation and/or deferment of any Order by the Customer will only be accepted (at Methyen's sole discretion) by Methyen issuing and in any case on condition that any costs or expenses incurred by Methven up to the date of cancellation and/or deferment and all loss, costs and/or other liabilities. resulting to Methven by reason of such cancellation and/or deferment will be immediately (on request by Methven) reimbursed by the Customer to Methven.

8.1 Methyen will, free of charge, within a period of 12 months from the date of delivery of Goods which are proved to the reasonable satisfaction of Methven to not comply with specification due to defects in materials, workmanship and/or design (other than a design made, furnished or specified by the Customer), repair. 11.1 Each party shall comply with applicable requirements of the Data Protection or at its option replace, such Goods. This obligation will not apply where:

8.1.1 any instructions as to storage of the Goods have not been complied with in al

espects or the Goods have been otherwise incorrectly stored; or 812 the Customer has failed to notify Methyen of any defect or suspected defect. within 7 days of the delivery where the defect should be apparent on reasonable inspection, or within 7 days of the same coming to the knowledge of the Customer where the defect is not one which should be annarent on reasonable inspection. and in any event no later than 12 (twelve) months from the date of delivery.

8.2 Methven will arrange for any such defective or damaged Goods to be

collected and will deliver any replacement Goods to the Customer at Methyen's own expense. If Methyen or its carrier is unable to collect the Goods on the date proposed by the carrier due to any act or omission by the Customer then an administration fee of £15.00 will be payable by the Customer (which Methyen may deduct from any sums refunded to the Customer)

8.3 Any Goods which have been replaced will belong to Methven. Any repaired or replacement Goods will be liable to repair or replacement under the terms original date of delivery of the replaced Goods.

8.4 Subject to Condition 9.5 the Customer's sole remedy and Methyen's entire li-

ability in respect of (i) Goods which do not comply with specification due to defects authorises Methyen to engage: (i) third party delivery companies and couriers in materials, workmanship and/or design; and/or (ii) Goods which are otherwise defective, shall be as set out in this Condition 8.

9.1 In the event of any breach of Methyen's obligations under Conditions 5.2 or 8 the European Economic Area without notifying the Customer in advance and Meth-

above, the remedies of the Customer will be limited to damages.

9.2 Except as set out in these Conditions, all warranties, conditions and other terms implied by law (whether by statute, common law or otherwise), are, to the fullost extent normitted by law excluded from the Contract

9.3 Subject to Conditions 9.4 and 9.5, Methven's maximum aggregate liability arising out of or in connection with a Contract, whether in contract, tort, misrepresentation, under statute or otherwise, howspever caused including by negligence. 11.37 notify the Customer without undue delay of a Personal Data breach (which and also including any liability under an indemnity contained in the Contract and/or arising from a breach of, or a failure to perform or defect or delay in performance of any of Methyen's obligations under the Contract and/or any defect in any of the is supplied under the Contract and/or any use made or resale of any of such Goods by the Customer or of any product incorporating any of such Goods shall be 11.3.9

limited to 125% of the aggregate Price paid or payable under the Contract.

9.4 Subject to Condition 9.5, Methven shall have no liability to the Customer for any loss of profit (direct or indirect); loss of revenue, loss of production or loss of business (in each case whether direct or indirect); loss of goodwill, loss of enutation or loss of opportunity (in each case whether direct or indirect); loss of anticipated savings or loss of margin (in each case whether direct or indirect); loss of bargain: liability of the Customer to third parties (whether direct or indirect): or ladigam, induminy of the Constitute to using hinter services to indirect, consequential or special loss; arising out of or in connection with the Contract, whether in contract, tort, misrepresentation, under statute or otherwise, howsoever caused including by negligence and/or arising from a breach of, or a failure to perform or defect or delay in performance of, any of Methven's 9.5 Nothing in the Contract.

Nothing in the Contract shall operate to exclude or restrict Methyen's liability.

(if any) to the Customer for breach of its obligations arising under section 12 of the Sale of Goods Act 1979; for breach of its obligations arising under Section 2 of the Supply of Goods and Services Act 1982; for death or personal injury resulting from its negligence; for its fraud or fraudulent misrepres entation: or for any matter for which it is not permitted by law to exclude or limit, or to attempt to exclude or limit. 11.8 Details of the subject matter, nature and purpose of Processing by Methyer

10.1 No return of Goods will be accented by Methyen without prior authorisation and a return order number being issued by Methven.

10.2 In the event the Customer returns any Goods which are not defective, such

Goods will be accepted by Methven only if they are returned to Methven in an undamaged resalable condition which requires that the Goods are unused and contained within their original undamaged packaging, and only if: Contained within line in rightinal inflamingue packaging, and only in .

10.2.1after Methyen has inspected such Goods, Methyen reasonably considers that the Goods are in a condition which is no worse than the condition in which the Goods were delivered to the Customer; and

the Customer has returned the relevant Goods to Methyen within 30 days following the date on which the Goods were delivered to the

10.3. In the event that the Customer wishes to return non-defective Goods to Methven following the expiry of the 30 day period set out in Condition 10.2.2 above, Methven will have absolute sole discretion as to whether it shall offer a

refund to the Customer in respect of such Goods

10.4 In relation to any returns made: 10.4.1 under Condition 10.2, Methven will deduct 25% of the aggregate of the Price plus any surcharge paid under Condition 4.5 for the relevant Goods; and

under Condition 10.3 above. Methyen will deduct a discretionary restocking fee (which may exceed 25% of the aggregate of the Price plus any surcharge paid under Condition 4.5 for the relevant Goods)

10.6 If Methven receives any returned Goods or other products which 10.6.1have not been given prior authorisation for return in accordance with

10.6.2 by Methyen, are found not to be defective; and/or 10.63 are received by Methyen more than 90 days following the

Methyen will be entitled but not obliged to return such Goods to the Customer at the Customer's cost and charge to the Customer a £15 (plus VAT) handling fee.

10.7 Methven shall be under no obligation to accept the return of or provide a refund in respect of any Goods ordered to the Customer's Specification except insofar as such Goods are defective in which case Condition 8 shall apply

10.8 If a return of Goods has been agreed by Methven, it will arrange a collection date with its carrier. If Methven or its carrier is unable to collect the Goods on the date proposed by the carrier due to any act or omission by the Customer then an 13 Miscellaneous administration fee of £15.00 will be payable by the Customer (which Methven may deduct from any sums refunded to the Customer).

Legislation. This clause 11 is in addition to and does not replace a party's obliga-Processor", "Data Subject", "Personal Data", "Process" and "Processing" have the

11.3 Methyen shall:

11.3.1 Process Personal Data only on the Customer's written instructions. If Methyer is required by any applicable laws to Process Personal Data it shall, to the extent legally permitted, notify the Customer before doing so;

or destruction of or damage to Personal Data, appropriate to the harm that might any person or deal in any other manner with any of its rights under the Contract or esult from the unauthorised or unlawful Processing or accidental loss, destruction 11.3.3not engage another processor without general written authorisation from the
